[sabinprajapati7.com.np](https://sabinprajapati7.com.np)

**Backend Developer** with hands-on experience in **Django, Django REST Framework, PostgreSQL, Celery, and Stripe integration. Skilled in building scalable REST APIs**, secure authentication systems, role-based dashboards, and automated background tasks.

Strong understanding of backend architecture, database design, and asynchronous task processing. Experienced in React, Tailwind CSS, HTML/CSS, and Bootstrap for building responsive UI components when needed.

Passionate about creating efficient, production-ready backend systems that solve real-world problems and deliver measurable value. update for fullstack

## EXPERIENCE

---

### Django Developer (Internship)

May 2025 - Nov 2025  
*Mindrisers Institute of Technology*

- Designed and implemented scalable RESTful APIs with Django REST Framework, handling authentication, role-based access, and Stripe payment processing.
- Optimized PostgreSQL database schemas and queries, improving backend performance.
- Automated tasks, notifications, and reminders using Celery & Celery Beat, reducing manual effort and enhancing reliability.
- Collaborated in Agile team environment with Git/GitHub, contributing to code reviews and workflow efficiency.
- Implemented API documentation and testing using Postman, improving clarity and onboarding efficiency.
- Participated in design and architecture discussions to optimize database and API performance.

## EDUCATION

---

<b>Bachelor</b> Swastik college(TU) BSc. CSIT 64.5%	Bhaktapur 2017 – 2023
<b>HSEB</b> Bagiswori H.S.S. +2 Science 63.6%	Bhaktapur 2015 – 2016
<b>SLC</b> Bagiswori H.S.S. 79.50%	Bhaktapur 2002 – 2014

## PROJECTS

---

### Everest Equity Club (Investment Club Platform – Backend) - Django REST Framework, PostgreSQL, JWT

- Built backend for user contributions, proposals, voting, and meetings.
- Developed role-based dashboards and automated notifications.
- Github : [github.com/sabinpr/Investment-Club](https://github.com/sabinpr/Investment-Club)

### RentMate (Rent & Utility Tracker) - Django, DRF, Celery, PostgreSQL

- Managed rent/utility payments with automated email/SMS reminders.
- Developed backend APIs and dashboards for tenants and landlords.
- Github : [github.com/sabinpr/rentmate](https://github.com/sabinpr/rentmate)

### E-Commerce Platform - Django REST Framework, PostgreSQL, Stripe API

- Engineered product catalog, cart, checkout, and Stripe payment integration.
- Implemented secure authentication and order management.
- Github : [github.com/sabinpr/shop-app](https://github.com/sabinpr/shop-app)

### Learning Management System (LMS) - Django REST Framework, PostgreSQL

- Managed courses, assessments, and student progress tracking.
- Uploaded PDF/Video content with automated notifications.
- Implemented search and filtering for courses.
- Github : [github.com/sabinpr/Learning-Management-System](https://github.com/sabinpr/Learning-Management-System)

## TRAINING/CERTIFICATION

---

### Python With Django

2025

*Mind Risers Consortium*

Learned Django Concepts (Model, View, Templates) and Mastered API development, Token Authentication And PostgreSQL integration.

**Credentials Link :** [www.mindrivers.com.np/certificate/validate/MR-81040-PD](https://www.mindrivers.com.np/certificate/validate/MR-81040-PD)

## SKILLS

---

- **Backend :** Django, Django REST Framework (DRF), Node.js, Express.js, Celery, JWT Authentication, Stripe API, API Development, Automated Workflows
- **Frontend:** React, Tailwind CSS, HTML, CSS, Bootstrap, JavaScript
- **Database :** PostgreSQL, MongoDB
- **Tools :** Git, GitHub, Postman, Figma

## LANGUAGE

---

- English
- Nepali
